Finding out about the course It was easy to find information about the course					
My enrolment and induction experience It was easy to enrol in the course					
During the enrolment process, I had the opportunity to discuss if my prior learning could be recognised					
I knew exactly what I needed to do once I finished enrolling in the course					
Before training began, I was made aware of local safety and security procedures					
I was shown the facilities I might have to use during the course					
My training experience At the start of training, it was clear to me what I was going to learn, and how this compared to my current experience and ability					
I soon got a sense of how the training was going to help me do my job better					
My Trainer was able to quickly resolve any issues I had					
I felt I had a good learning relationship with the Trainer					
I felt the training suited the way I learn					
If the training approach hadn't suited me, I would have felt comfortable saying so					
The training was pitched at the right level for me - not too easy and just challenging enough that I didn't get overwhelmed and lost					

	Strongly Agree	Agree	Disagree	Strongly Disagree	Not applicable
I believe I'll have the opportunity to practice what I have learned at work					
I feel confident to use the skills I've learned					
The training facility really suited what I had to learn and how I learned it					
My assessment experience I understood, what, when and how I was going to be assessed and how the results were going to be used					
I think the assessment tasks and process were sensible and relevant to the workplace					
My level of support During the course I felt I had all the support I needed					
If I had any concerns for my own or other's safety during training, I would have felt comfortable saying so					
I know where I can go if I need to get any extra learning support
