

NWTD News - April 2024

The North West Transmission Developments (NWTD), being progressed by TasNetworks, include 240 km of new and upgraded transmission lines and other energy infrastructure that will increase the capacity of Tasmania's electricity network.

The developments will enable Tasmania to become a world-leading renewable energy provider and support the decarbonisation of Australia. [Watch explainer video](#)

New Information Pack

To ensure communities in the North West region are well informed, we have developed a new NWTD Information Pack, which provides a high-level overview of the project.

Visit the TasNetworks website to download the Information Pack:

Upcoming Engagement

You can catch us at a number of events across the North West region in the coming months. We welcome any questions you may have and would like to hear your thoughts on the project.

Upcoming in May:

Agfest

TasNetworks is excited to be an exhibitor and sponsor of Agfest again this year. www.agfest.com.au

Come and chat to us about our plans to build an electricity network that is future ready, engage in our kids safety program, discover more about our graduate and careers program, learn about our sustainability initiatives and how we care for Tasmanian wildlife + more!

Where we've been this month

NWTD Project team members recently attended the North West Ecofest and the Central Coast Business, Tourism & Travel Expo in Ulverstone. The events provided a fantastic opportunity for some meaningful discussions with residents who were eager to learn more about the project.

If you couldn't make it along, feel free to reach out to us with any questions about the project. We're here to keep the conversation going. Email nwtd@tasnetworks.com.au | www.tasnetworks.com.au/nwtd

Empowering the Kentish Community Men's Shed

Recognising the importance of maintaining a well-equipped workspace, the NWTD project has been able to assist the Kentish Men's Shed in updating their tools and equipment.

Located amidst the serene surroundings of Sheffield, the Men's Shed serves as a gathering place for approximately 50 dedicated individuals. From metal fabrication, blacksmithing to ceramic artistry, the Shed embodies a diverse range of skills and expertise.

With our grant exceeding \$5000, the shed was able to acquire essential tools, ensuring safety and efficiency in their operations. Thank you, Kentish Community Men's Shed, for allowing us to play a role in the vital work you do with communities in the North West!

TasNetworks launches Innovate Reconciliation Action Plan (RAP)

TasNetworks recently launched its Innovate Reconciliation Action Plan at Tiagarra, one of Australia's oldest Aboriginal Keeping Places, nestled on the stunning Mersey Bluff in Devonport. The culturally significant event was organised in collaboration with the Six Rivers Aboriginal Corporation.

The Innovate RAP is building on the success of TasNetworks' Reflect RAP (launched in 2021), paving the way for a more inclusive, diverse, and culturally safe workplace.

Rural Alive & Well (RAW) is passionate about building healthy and resilient rural communities.

RAW specialises in delivering proactive outreach and one-on-one psychosocial support that addresses situational stressors and increases protective factors, to minimise the risk of suicide.

RAW is 'non-clinical', genuine and non-intrusive. The service is confidential with no fees for participants.

RAW's staff have first-hand experience with the complexities of living and/or working in rural, remote and primary industry sectors. Staff each have backgrounds in Tasmanian Dairy, Livestock, Cropping, Mining, Wool Production, Forestry, Transport and Seafood.

If you feel that you're gauge has been running in the red for too long, it's time to reach out to RAW.
