Community Grants Program

Grant Guidelines

TasNetworks plays an important role in the Tasmanian community, and we're committed to making a positive difference in the areas in which we operate.

As a large business that serves all Tasmanians, we recognise our impact on people and the planet and are working to address social and environmental issues in the way we operate.

At TasNetworks, our mission is to 'Power a Bright Future' for Tasmania. We believe that partnering with not-for-profit organisations dedicated to our key focus areas can lead directly to a more resilient community.

Through the Community Grants Program, we empower the community to take proactive measures against the challenges posed by rising cost-of-living pressures or to enhance community resilience. We are collectively building a stronger and more prepared Tasmania for the future.

Funding of up to \$10,000 is available with these grants being specifically directed towards projects aimed at addressing our two key focus areas: tackling rising cost-of-living impacts and building community resilience.

We'll consider applications that:

- Are from incorporated entities or ACNC registered charities.
- Are delivering projects in Tasmania.
- Are aimed at reducing cost-of-living pressures or increasing community resilience.

Applications we won't consider:

- Initiatives outside of Tasmania.
- Provision of free or discounted electrical infrastructure, electricity, or any other core product.
- Initiatives with poor safety and/or environmental performance.
- Any project, event or organisations that could be inconsistent with our vision or role in the Tasmanian community.
- Individual, or fundraising campaigns.
- For profit, or unincorporated entities.

Application tips

Don't underestimate the power of a strong application. Here are some tips to help you through the application process:

Support your application:

- Support your application
- Attach some examples of your initiative in action.
- Attach a video or image, if applicable.

Keep it simple:

- Be direct and to the point.
- Dot points are a good way to go.
- Stay relevant – avoid unnecessary jargon.

Tell your organisation's story:

- Provide some background on your organisation and the work you do.
- Tell us why your project is important to the community?

Don't leave it to the last minute:

- Allow time to gather everything needed and to review your application.
- If you aren't sure about something, don't be afraid to ask.

Applying is easy

To submit an application form go to:

www.tasnetworks.com.au/grants

Before you apply, make sure you have read the full Terms and Conditions.

All applications will be assessed by a panel following the closing date for applications.

Timeline:

Applications open
Friday, 31 May 2024

Applications close
Sunday, 30 June 2024
