

## **MEDIA RELEASE**

### **New Director appointed to TasNetworks Board**

01/07/2016

TasNetworks Chairman Dr Dan Norton AO today announced the appointment of a new Director to the TasNetworks Board.

Ms Joanne Doyle was appointed as a Director on 1 July.

Dr Norton said the appointment of a second female director is a great step forward in terms of gender diversity.

“Diversity, especially at leadership levels, helps bring new ideas. It is also critical in developing a new corporate culture, which is nearly always required when organisations merge,” Dr Norton said.

“I welcome Ms Doyle to the Board of TasNetworks where she will join the Audit and Compliance Committee. She brings considerable knowledge and experience being a Registered Company Auditor and having worked in this area of work for over 30 years.”

Ms Doyle is currently a Partner of WLF Accounting & Advisory and a Trustee on the Solicitors’ Trust. She was previously a Director of Civil Construction Services Corporation.

“I look forward to working with Ms Doyle as TasNetworks enters its third year of operations,” Dr Norton said.
