

CAN YOU  
**Handle**  
THIS MUCH  
**Power?**

APPRENTICE PROGRAM

## TASNETWORKS APPRENTICE PROGRAM

Can you handle working with a company charged with the responsibility of delivering power safely and reliably to almost every Tasmanian, in almost every part of the state?

Can you commit to immersive training and studying across many different types of field work and situations?

Can you help us keep the lights on in times of extreme weather conditions including storms, bushfires and floods?

We have multiple apprenticeships available at various locations around Tasmania.

### ELECTRICIAN APPRENTICESHIP

Want to set up your future career? Are you a school leaver or someone in the workforce looking for a new career pathway? Can you be customer focussed, recognising that you are often acting as the face of TasNetworks? Can you learn from and work with a workforce comprising over 1000 people? Here's your opportunity!

### DUAL TRADE APPRENTICESHIP

Are you a qualified electrician looking for your next challenge? Can you live by our culture of safety while helping to construct and maintain the largest single infrastructure in Tasmania? You could be part of our future workforce!

### LINeworker APPRENTICESHIP

Can you see yourself working on Tasmania's distribution network - the poles and wires? Are you seeking an exciting apprenticeship to kick-start your career or maybe you're looking to reinvent yourself in a new field. Could you champion our safety culture and deliver quality outcomes for the Tasmanian community? This is your chance.

If you can handle the power of working with one of Tasmania's most dynamic organisations, you'd better talk to us. [Watch our movie to see what we mean.](#)
